

DHANVI PRAJAPATI

student

ABOUT ME

I am a passionate Computer Science Engineering student with a strong foundation in Python programming, Mobile App Development, Web Technologies, and Data Science. I enjoy solving real-world problems through technology and continuously expanding my skills across different domains. With hands-on experience in building mobile apps, developing web applications, and analyzing data-driven insights, I am eager to contribute to innovative projects and grow as a professional in the tech industry.

EDUCATION

HIGHER SECONDARY

sarva vidyalaya
highschool , kadi
2020 - 2022

INDUS UNIVERSITY

B.Tech Computer
Science Engineering
2022 - 2026

SKILLS

- Programming
Python , c/c++
- Data Analysis
- WebDevelopment
- Mobile App
Development
- Data Science

EXPERTISE

- Data Analysis
- Communication
- Mobile App
development
- Web Development

WORK EXPERIENCE

100 DAYS OF CODE: THE COMPLETE PYTHON PRO BOOTCAMP

UDEMY | ONLINE | [APRIL 2023]

- Completed an intensive 100-day Python bootcamp covering programming fundamentals, automation, data structures, and data science libraries like Pandas and NumPy.
- Built over 20+ mini-projects, including web apps, APIs, and automation scripts, strengthening real-world coding skills.

DATA ANALYTICS BOOTCAMP

Inuds University [Ahmedabad] | [June 2024]

- Participated in a comprehensive Data Analytics Bootcamp covering data preprocessing, visualization (using Matplotlib, Seaborn), and machine learning fundamentals (using Scikit-learn).
- Completed hands-on projects like customer segmentation analysis and sales forecasting.
- Worked with real-world datasets and developed end-to-end data analysis pipelines.

PROJECT

- Data science project : an analysis on the house price prediction
